Subject: RE: List of requests for ECY

Miranda,

I've made a few minor updates to the data request list:

- bacteria analysis spreadsheets (load calcs)
- scenario versions of the QUAL2kw model
- processing spreadsheets for inputs to the baseline QUAL2kw model (e.g., tributary inflows)
- shade models, Delta Method spreadsheet models, and Thermal Infrared Surveys (TIR) along Deschutes
- fine sediment analysis spreadsheets, including Washington Road Surface Erosion Model

Thanks,

Michelle
